AISS is an Australia founded swimming and water safety education company based in the UAE. Our teachers are trained by the leading swimming and water safety teaching body in the world - AUSTSWIM.

AISS use the most experienced and capable teachers available and offer the most advanced and efficient methods for teaching swimming and water safety. We use no attached flotation devices so our students learn skills that can be used in any situation. We have small class sizes that are based on the ability and skills of the learner so our students progress faster. Our classes start with small classes of only three students per teacher for infants.

AISS offer classes throughout the UAE and we are continually adding new venues so you can be sure to find programs at a convenient location near you.

Please e-mail or call us and discuss your needs and we will find a suitable program and location near you.

Make sure your Swim School Swim Instructor is:

- **Fully Insured for UAE**
Ask to see their Insurance Certificate of Currency
- **Licensed to Operate in the UAE**
Ask to see their professional Trade License
- **Internationally Qualified and Trained**
Ask to see their qualifications
- **Resuscitation (CPR) Trained**
Ask again for proof!
- **Providing Water Safety Education**
Is it integrated in the program like ours?

Your Family's safety is our first priority!
